

OLIVER DAVIS

Senior Consultant | ETL Expert | PySpark Specialist

📞 (234)-555-1234 @ Email 🔗 linkedin.com 📍 Columbus, Ohio

SUMMARY

Seasoned consultant with over 9 years of experience in ETL and PySpark, passionate about driving data transformations. Achieved a 40% reduction in processing times at Cognizant. Eager to contribute expertise in data integration and business intelligence to high-impact projects.

EXPERIENCE

Data Integration Architect

Cognizant 📅 03/2019 - Present 📍 Columbus, Ohio

- Designed and implemented over 20 ETL processes using PySpark, reducing data processing time by 40%.
- Led a team of 6 engineers in migrating legacy data systems, resulting in a 25% reduction in operational costs.
- Collaborated with cross-functional teams to integrate new data sources, increasing data accessibility for business intelligence.
- Optimized complex SQL queries, improving data retrieval speed by 30% for real-time analytics.
- Coordinated with stakeholders to identify and resolve data discrepancies, enhancing data accuracy by 15%.
- Developed automated ETL workflows, cutting down manual intervention by 50% and boosting efficiency.

Senior ETL Developer

Infosys 📅 02/2016 - 02/2019 📍 Columbus, Ohio

- Implemented ETL processes for data integration projects, enhancing data handling efficiency by 30%.
- Collaborated with stakeholders to understand requirements, leading to the successful delivery of 5 high-impact projects.
- Worked with a team to develop data transformation processes, improving data quality for business units.
- Contributed to the upgrade of ETL tools, resulting in smoother workflows and reduced system downtimes.
- Managed ETL support operations, maintaining a 99% system uptime, thereby improving reliability.

ETL Engineer

Accenture 📅 01/2014 - 01/2016 📍 Columbus, Ohio

- Assisted in developing ETL solutions that increased data processing efficiency by 20% for multiple clients.
- Participated in code reviews, which improved software quality and reduced defects by 15%.
- Configured and maintained ETL environments, enhancing overall system stability and performance.
- Collaborated with data scientists to integrate data analytics tools, boosting organizational decision-making.

EDUCATION

Master of Science in Data Science

University of Michigan 📅 01/2012 - 01/2014 📍 Ann Arbor, Michigan

Bachelor of Science in Computer Science

Ohio State University 📅 01/2008 - 01/2012 📍 Columbus, Ohio

SKILLS

ETL, PySpark, SQL, Data Integration, Business Intelligence, Data Transformation

KEY ACHIEVEMENTS

Reduced ETL Processing Time

Implemented optimizations that reduced ETL processing time by 40%, leading to significant cost savings.

Successful Data Migration

Led a data migration project for a major client, resulting in a 25% operational cost reduction.

Improved Data Accuracy

Enhanced data accuracy by 15% through a concerted effort to resolve discrepancies across various systems.

Boosted Efficiency Through Automation

Developed automated workflows which cut down manual intervention by 50%, increasing team productivity.

PROJECTS

Open Source ETL Framework

Contributed to a community-driven ETL framework project, enhancing performance and scalability. github.com/oliverdavis/etl-framework
